Legacy Men's Conference 2026

In culture today, almost everything around us is changing at an unprecedented pace. Men, along with our families, communities, and churches are pressured to adapt and change our foundational faith to fit into society's shifting standards. But we are BUILT for a higher purpose: to live with LEGACY, leading our homes, communities, and churches to run with endurance the race set before us. Gather with hundreds of men and be challenged and inspired that you are BUILT FOR A LEGACY
